PROCESS TECHNOLOGIES, INC., RELOCATES TO LARGER FACILITY

WEST READING, PA FEBRUARY 1, 2007: Process Technologies, Inc., a leading distributor of high performance fluid system products, repair and installation services, industrial coatings and floorings, lubricants and specialty chemicals has announced the move of its main offices and warehouse to a new and larger location. PTI's new facility is located in West Reading, PA. The move essentially doubles the company's office and warehouse space. The move to the larger facility was necessary to accommodate the company's rapid growth over the past several years. The company also forecasting above average growth over the next several years due to the introduction of new key products. All employees at the company's headquarters have been relocated to the new location.
